## About This Game

Find the Xamadeon Stone and bring back our colors! Hidden Saga is an adventure which includes various puzzles on a planet like our own. Planet's colors were stolen from us by a community that comes from another galaxy. Two explorers named Joe and Brad have to bring back the colors and you must help them!

To reach Xamadeon Stone, you have a long way to go. You must find some objects to complete this mission. You are given the hints to find these objects.

Hidden Saga Xamadeon Stone is still in development. You may encounter some crashes and bugs. Please let us know if you encounter errors!

The style is very similar, but not that well executed. The sounds are probably ripped off too.. Love it. Sit down, have a cup of tea, play this game.Plenty of interactive, fun games.a puzzle that you can't find sometimes makes you crazy, but it's a good game

### Patch Notes 3:

- Added three grayed levels.
- Fixed map puzzle in Bazaar.
- Fixed last achivement bug.
- Fixed some language issues.
