Played a couple hours and noticed a bit of a bug, all the characters were unlocked from the start, already i have the achievements for unlocking all the characters but not the one for my first new character. This I am assuming is making it a lot easier than it is supposed to be and also takes the fun out of it as there is nothing to work through the levels for.

Fun gameplay, but really not very challenging..

would reccomend when the bug gets fixed or if it goes for real cheap.. Really easy to play and fun game! I love the idea of evolving my characters and the boss battles! And the art style is really awesome too!
